

## **United States Council of Catholic Bishops on Pro-Life Committees**

The United States Council of Catholic Bishops has provided a guideline for the formation and development of a parish Pro Life committee. At Most Holy Trinity parish we have called our pro life committee the Respect Life Committee. The USCCB guidelines for parishes give us the template for the growth and development of our committee. Please join with us in pursuing this ministry for life, celebrating God's gift of life from conception to natural death.

### **Parish Respect Life Committee**

Actively promoting a renewed respect for human life is the responsibility of every Catholic. The parish pro-life committee assists in a special way by helping to make the parish a center of life, a place where parishioners understand the issues and the importance of meeting the needs of those who are most vulnerable—especially mothers and their unborn children, and those who are seriously ill or dying and their families. Committee membership should include representatives of both adult and youth parish groups, members of organizations that represent persons with disabilities, persons of minority cultures, and those responsible for education and pastoral care.

The parish committee relies on the diocesan pro-life director for information and guidance. The committee should play a vital role in parish life and enjoy the strong support of priests and other key personnel. The committee should also dovetail its efforts from time to time with other programs of the parish.

The objectives of the parish pro-life committee are to:

- coordinate parish implementation of the annual Respect Life Program, promoting it to agencies and organizations in the parishes, especially schools and religious education programs; and encourage parish discussion groups to use the program as a basis for their discussions
- promote and assist pregnancy counseling and comprehensive maternity support services, as well as post-abortion counseling and reconciliation programs, and make these well known in the parish and local community
- develop or adopt, where feasible, a parish-based ministry to pregnant women and their children
- encourage and support parishioners' involvement in services to help those who are chronically ill, disabled, or dying and their families
- sponsor programs of prayer in the parish to pray for mothers and their unborn children, for those who are dying, for those who are disabled, for prisoners on death row and those they have harmed, and indeed for all who are in need, that the culture of death that surrounds us may be replaced by a culture of life
- foster awareness of the need to restore legal protection to the lives of unborn children to the maximum degree possible and to safeguard in law the lives of those who are chronically ill, disabled, or dying
- keep parishioners informed of upcoming important legislation; and, at the direction of the diocesan pro-life director, organize letter-writing, postcard campaigns, or similar appropriate activities when important votes are expected
